## CONTENTS

### 1. INTRODUCTION

- Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and optimising children's life chances.
- Young people have a fundamental right to be healthy and protected from harm.
- Young people have a right to expect schools to provide a safe and secure environment.
- Student performance and well-being go hand in hand; students will not enjoy school and achieve success if they do not feel safe or if health problems prevent learning.

Barclay School follows the procedures established by the Hertfordshire Safeguarding Children Board. It fully recognises its responsibilities for protecting young people from harm and promoting healthy living.

Our policy applies to all staff, volunteers and governors working in the school.

The main elements of our policy are as follows:

Our staff and volunteers, because of their contact with the young people, will be able to;

- Observe outward signs of abuse, changes in behaviour and failure to develop.
- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to when they have a worry or concern.
- Establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well being of a child.
- Ensure young people know that there are adults in the school whom they can approach if they are worried.
- Ensure that young people who have been abused will be supported in line with a child protection plan, where deemed necessary.
- Include opportunities in the PSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse.

**DfES guidance Safeguarding Children and Safer Recruitment in Education (2006) also states that "All parents need to understand that schools and FE colleges have a duty to safeguard and promote the welfare of children who are their pupils or students, that this responsibility necessitates a child protection policy and procedures, and that a school or FE college may need to share information and work in partnership with other agencies when there are concerns about a child's welfare."**

## 2. THE DESIGNATED SENIOR PERSON

It is the role of the Designated Senior Person for Child Protection to:

- Ensure that he/she receives refresher training at two yearly intervals to keep his or her knowledge and skills up to date
- Ensure that all staff who work with children undertake appropriate training to equip them to carry out their responsibilities for child protection effectively and that this is kept up to date by refresher training at three yearly intervals
- Ensure that newly appointed staff receive a child protection induction
- Ensure that temporary staff and volunteers are made aware of the school's arrangements for child protection
- Ensure that the school operates within the legislative framework and recommended guidance
- Ensure that all staff and volunteers are aware of the Hertfordshire Safeguarding Children Board Child Protection Procedures
- Ensure that the Head Teacher is kept fully informed of any concerns
- Develop effective working relationships with other agencies and services
- Decide whether to take further action about specific concerns (e.g. refer to Children, Schools and Families)
- Liaise with CSF social care teams over suspected cases of child abuse
- Ensure that accurate records relating to individual children are kept separate from the academic file in a secure place and marked 'Strictly Confidential' and that these records are passed securely should the child transfer to a new provision
- Submit reports to, ensure the school's attendance at Child Protection Conferences and contribute to decision making and delivery of actions planned to safeguard the child
- Ensure that the school effectively monitors children about whom there are concerns, including notifying CSF of the absence of a child who is the subject of a child protection plan
- Provide guidance to parents, children and staff about obtaining suitable support

## 3. THE GOVERNING BODY

The Governing Body has overall responsibility for ensuring that there are sufficient measures in place to safeguard the children in their establishment.

In particular the Governing Body must ensure:

- Child protection policy and procedures
- Safe recruitment procedures
- Appointment of a DSP who is a senior member of school leadership team
- Relevant child protection training for school staff/volunteers is attended
- Safe management of allegations
- Deficiencies or weaknesses in child protection arrangements are remedied without delay

- A member of the Governing Body (usually the Chair) is nominated to be responsible in the event of an allegation of abuse being made against the Head Teacher
- Safeguarding policies and procedures are reviewed annually and information provided to the local authority about them and about how the above duties have been discharged

#### **4. THE ROLE OF OTHER STAFF**

(It is not solely the responsibility of the Designated Senior Person to deal directly with all students who might, in some way be abused. A young person may confide in any member of staff and they do not always go to teachers. All staff need to be aware of the following:

The main categories of abuse are:

- Physical abuse
- Emotional abuse
- Sexual abuse
- Neglect

All staff and volunteers should be concerned about a child if he/she presents with indicators of possible significant harm – **see Appendix 1 for details.**

##### **4a. When to be concerned:**

Generally, in an abusive relationship the child may:

- Appear frightened of the parent/s or other household members e.g. siblings or others outside of the home
- Act in a way that is inappropriate to her/his age and development (full account needs to be taken of different patterns of development and different ethnic groups)
- Display insufficient sense of 'boundaries', lack stranger awareness
- Appear wary of adults and display 'frozen watchfulness'

##### **4b. Dealing with a disclosure:**

If a child discloses that he or she has been abused in some way, the member of staff / volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Not promise confidentiality – it might be necessary to refer to Children Schools and Families
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, rather than ask direct questions
- Not criticise the alleged perpetrator

- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass information to the Designated Senior Person without delay

### **Support**

Dealing with a disclosure from a child, and a child protection case in general, is likely to be a stressful experience. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

### **4c. Confidentiality**

Child Protection raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children, Schools and Families and the Police).
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

### **4d. Record Keeping**

When a child has made a disclosure, the member of staff/volunteer should:

- Make brief notes as soon as possible after the conversation
- Not destroy the original notes in case they are needed by a court
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any bruising or other injury
- Record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer (pro-forma available on the Hertfordshire Grid for Learning)

## **5. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS**

Whenever it is alleged that a member of staff/volunteer has:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved toward a child in a way which indicates s/he is unsuitable to work with children

The person receiving the allegation must take it seriously and immediately inform the Head Teacher. If any member of staff/volunteer has reason to suspect that another member of staff/volunteer may have abused a child at the school, or elsewhere, they must immediately inform the Head Teacher.

They should also make a written record of the allegation using the informant's words - including time, date and place where the alleged incident took place, what was said and anyone else present. This record should be signed and dated and immediately passed on to the Head Teacher.

If the concerns are about the Head Teacher, then the Chair of Governors should be contacted.

The Head Teacher will not investigate the allegation itself, or take written or detailed statements, but he/she will assess whether it is necessary to refer to Children Schools and Families in consultation with the Local Authority Designated Officer.

If it is decided that the allegation warrants further action through Child Protection Procedures the Head Teacher must immediately make a referral to CSF Client Services so that the allegation can be investigated in accordance with Section 10 of the Hertfordshire Safeguarding Children Board Child Protection Procedures .

If it is decided that it is not necessary to refer to Children Schools and Families, the Head Teacher and Local Authority Designated Officer will consider whether there needs to be an internal investigation.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.
