

Year 11 Information briefings

Wednesday 8th February 2017

Year 11 Intervention strategy

- To create as many opportunities as possible, ensuring these are communicated to parents and students and are coordinated across the school
- To balance “open” opportunities with reaching the needs of those students who have the most need
- To ensure that we regularly review the impact of the intervention being put into place by careful analysis of student progress

Aim

- To build students' confidence and understanding of exam technique

Students still sit a mock paper/assessment but they are not left totally independent/alone (although invigilators may still be used)

The teacher will do the following:

- Help them understand the focus of the question – what is asking them to do
- Suggest planning and writing strategies
- Sometimes show model examples
- Help them rehearse appropriate timings

Further information due for release this Friday

- Support information for individual subjects
- Parent friendly exam timetables
